HISTORICAL AND BIOGRAPHICAL NOTES

Founded in 1935, the Conservation Federation of Missouri (CFM) is a citizen organization involved in the promotion of Conservation in Missouri. An initiative petition campaign begun by CFM resulted in the creation of the Missouri Department of Conservation in 1936 (Constitutional Amendment #4). CFM continues to be involved in conservation policy in the State of Missouri and is the Missouri affiliate of the National Wildlife Federation. Today the

organization claims over 85,000 members, with a goal “to education, inspire and empower individuals and organizations to take action to conserve and support the sustainable harvest and wise use of...wildlife.” (Mission Statement)
